That sound good!
Thanks!

Valois

Hi Valois,

That's great. I think July 30th would be fine. Please send a scheduler when you are ready.

Ex. 5 Deliberative Process (DP)

Thanks,
Elise

Hi Elise,
Thanks for getting in touch with me.

We have a list of topics compiled almost ready to send to you. I am waiting to hear back from one last person. I will send you the topic list tomorrow.

Would Thursday, July 30 work to hold the call?

We know we would like to hear more about models NRC has developed and interested in hearing NRC's process for calibration and lessons learned.

We were going to ask if NRC has a report on a model you all have developed that is available to the public.

Thanks!

Valois

Hi Valois,

Hope all is well with you and yours.

I just wanted to touch base with you to see if you have been able to draft an agenda. If you have any questions, please let me know.

I would suggest we go ahead and schedule a meeting since the timeline to complete our discussion is pretty short now. If you would like we could we can just cover the same permit conditions we covered in the last meeting.

Please let me know soon if you can.

Thanks,
Elise
